Section 3: The Proposed Transfer

13. The Transferor and the Transferee are part of the Intesa Sanpaolo Insurance Group (the "**Group**"). A strategic decision was made (which is subject to regulatory approval and the approval of this Honourable Court and the relevant authorities in Italy) to merge the Transferor with the Transferee by way of cross-border merger by absorption in accordance with Directive (EU) 2017/1132 of the European Parliament

and of the Council of 14 June 2017 on certain aspects of company law, pursuant to Articles 2501 – 2505 of the Italian Civil Code, Italian Legislative Decree No. 108 of 30 May 2008 as well as the European Communities (Cross-Border Mergers) Regulations 2008 (the "**Merger**"). The objective of the Merger is to: (i) streamline the corporate organisation of the Group; (ii) channel all resources functional to serving the distribution channels of the Banca dei Territori Division of Intesa Sanpaolo S.p.A. and Intesa Sanpaolo Private Banking S.p.A. towards a single product factory; (iii) achieve a greater operating efficiency, through the standardisation of processes and systems, as well as synergies relating to risk management and internal control systems; and (iv) achieve an industrial benefit in terms of derisking related to high staff turnover.

14. Pursuant to section 13 of the Assurance Companies Act 1909 (the "**1909 Act**") the approval of this Honourable Court is required in order to effect a transfer of a portfolio of insurance contracts. For the purposes of this Petition, the Merger and the proposed portfolio transfer (the "**Portfolio Transfer**") as referred to together as the "**Proposed Transaction**").
15. As part of the Proposed Transaction, the Transferee will establish a branch in Ireland (the "**Irish Branch**") which, with effect from the Merger, will be allocated the assets and liabilities of the Transferor, and shall from the Scheme Effective Date, carry on through the Irish Branch the business activity in Ireland which was conducted by the Transferor prior to the Scheme Effective Date.
16. The Proposed Transaction was approved by board of directors of the Transferor on 4 April 2023, and by the board of directors of the Transferee on 5 April 2023. The scheme of transfer annexed to this Petition (the "**Scheme**") sets out the terms upon which the Transferor will transfer the Intesa Policies (as defined in the Scheme) to the Transferee with effect from the Scheme Effective Date (as defined in the Scheme). It is proposed that all other assets and liabilities of the Transferor will transfer to the Transferee on the Scheme Effective Date (and will immediately be allocated to the Irish Branch) pursuant to the terms and conditions set out in the common draft terms of merger and the Transferor will be dissolved without going into liquidation. A separate application will be made to this Honourable Court in respect of the Merger.
17. The Intesa Policies are made up of unit linked and index linked life assurance products. As of 31 December 2022, the Transferor had approximately 638,617 policies in force.

Section 4: Regulatory Matters

18. On 12 April 2023, the Transferor notified the Central Bank pursuant to Regulation 41(1) of the 2015 Regulations of the proposed transfer under the Scheme.
19. Pursuant to Regulation 41(3)(a) of the 2015 Regulations, the Scheme cannot be effected without obtaining the certification of IVASS (as the EEA Member State supervisory authority of Italy) that, taking the proposed transfer into account, the Transferee will possess the necessary eligible own funds to cover its Solvency Capital Requirement (“**SCR**”). A copy of the certificate of solvency of the type referred to in Regulation 41(3)(a) of the 2015 Regulations (or such other evidence) as may be provided by IVASS shall be exhibited to this Honourable Court as part of affidavits to be filed in this Honourable Court in advance of the substantive hearing of the Petition.
20. Pursuant to Regulation 41(3)(b) of the 2015 Regulations, the proposed Scheme cannot be effected without also obtaining the agreement of the competent authority of each EEA Member State where the contracts "*were concluded, either under the right of establishment or the freedom to provide services*". The EEA Member States in which Intesa Policies were concluded are Spain and Italy.
21. There are current holders of Intesa Policies resident in the following Member States of the EU / EEA (being the Member States of the commitment in this instance for the purposes of Regulation 41(5)(b) of the 2015 Regulations):

Italy, Spain, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Luxembourg, Malta, The Netherlands, Portugal, Slovenia and Sweden.
22. There are also circa 174 current holders of Intesa Policies resident outside of the EEA in the following third countries:-

Albania, Argentina, Azerbaijan ,Brazil, Canada, Chile, China, Dominican Republic, Ethiopia, Georgia, Hong Kong, Malaysia, Mexico, Morocco, New Caledonia, Monaco, Qatar, South Africa, Russia, San Marino, Sierra Leone, Singapore, Switzerland, Tanzania, Thailand, Tunisia, Turkey, the United Arab Emirates, the United Kingdom, Uruguay, the United States of America, Venezuela and Vietnam.

Section 5: Communications

23. Section 13(3)(b) of the Assurance Companies Act 1909 (the "**1909 Act**") provides that a statement of the nature of the amalgamation or transfer together with an abstract containing the material facts embodied in the agreement or deed, together with copies of the actuarial and other reports, shall, unless this Honourable Court otherwise orders, be circulated to each of the Policyholders.
24. For the purposes of Section 13 of the 1909 Act, the Petitioner has prepared a policyholder circular (the "**Circular**"). The Circular contains the following documentation:
- a) Letter which sets out the material facts relating to the Scheme and explains the nature of the Scheme;
 - b) Frequently Asked Questions ("**FAQ**")
 - c) Summary of the Scheme of Transfer;
 - d) Summary Independent Actuary's Report;
 - e) Draft legal notice; and
 - f) Privacy Notice of ISV.
25. It is proposed that the language used in the Circular shall be the same language as used in the policy documentation provided to policyholders by the Petitioner to date which is Italian or Spanish. If a request is made for the translation of any notification letter, this will be arranged by the Petitioner and provided to the relevant party as soon as practicable. It is proposed that a copy of the summary of the Independent Actuary's Report will be provided to policyholders as opposed to a copy of the full Independent Actuary's Report. The full Independent Actuary's Report will be available for viewing online and in person as set out below in paragraph 31.
26. In order to comply with Spanish law requirements, it is proposed that a slightly different letter and FAQ will be included in the Circular being issues to the Spanish resident policyholders. The rationale for this is to inform Spanish resident policyholders of the Transferor of their right to terminate their policies which is required under Spanish law.

Approach to Intesa Policyholders

27. It is proposed (subject to this Honourable Court) that approximately 75% of the Circulars will be issued to Intesa policyholders in electronic format through the relevant policyholder's internet banking portal. This is the usual method of communicating with these policyholders and it ensures a prompt and secure delivery. For those policyholders who do not use the internet banking portal, it is proposed that the Circular will be issued by ordinary pre-paid post.
28. The Petitioner has arranged for its outsource provider Optimo to track and record details of any Circulars that have failed to be delivered. Where this occurs, efforts will be made to trace the policyholder's current address to which (if discovered) a further copy of the Circular shall be issued in advanced of the Sanctions Hearing.

Approach to ISV Policyholders

29. In accordance with section 13(3)(b) of the 1909 Act, the Circular is to be transmitted to each of the Intesa and ISV policyholders at their last known address unless this Honourable Court gives a direction to the contrary. In circumstances where the Independent Actuary has confirmed in his Report that the Scheme will have no material adverse effect on the existing ISV policyholders, it is proposed that the Circular should not be transmitted to the existing ISV policyholders but to the Intesa policyholders only. It is therefore proposed, subject to the directions of this Honourable Court, that the Circular should only be transmitted to the Intesa policyholders. In this context:
 - (a) the Portfolio Transfer will not materially impact on the ISV policyholders, their overall financial position pre and post-transfer will remain well in excess of regulatory capital limits;
 - (b) there will be no changes to the terms and conditions of the existing ISV policies as a result of the Portfolio Transfer;
 - (c) the existing ISV policyholders will continue to be administered in the same way following the Portfolio Transfer;
 - (d) the existing ISV policyholders will be made aware of the Portfolio Transfer through website updates and press advertisements and will be able to contact the ISV for further information if required; and

- (e) There is a concern that the existing ISV policyholders would be confused by receipt of the Circular,

The Independent Actuary is aware of the proposed approach and has confirmed in his Report that he is satisfied that it is appropriate to proceed in this way.

30. In compliance with Section 13(3)(a) of the 1909 Act and subject to the directions of this Honourable Court, a notice of intention to make this application together with the hearing date (the "**Pre-Transfer Notice**") shall be published in (i) *Iris Oifigiúil* (ii) the Irish Independent (iii) the Irish Examiner and (iv) The Financial Times (International) Edition.
31. Furthermore, in accordance with the requirements of section 13(3)(c) of the 1909 Act, the Petition and the schedules annexed thereto (including the Scheme) and the full Independent Actuary's report will be available for inspection at the offices of (i) Intesa at 1st Floor International House, 3 Harbourmaster Place, Dublin 1, Dublin, D01K8F1, Ireland, (ii) the offices of ISV at Corso Inghilterra 3, 10138 Turin, Italy and Viale Stelvio 55/57, Milan, Italy and (iii) Matheson at 70 Sir John Rogerson's Quay, Dublin 2, Ireland from Monday to Friday (public holidays excepted) during the hours of 9:00 a.m. to 5:00 p.m. and online at www.intesasanpaololife.ie and www.intesasanpaolovita.it for not less than 15 clear working days between the date of the advertisement of the Petition in *Iris Oifigiúil* and the said newspapers and the date fixed for the hearing of the Petition. Additionally, the Transfer Documents will be available online at www.intesasanpaololife.ie and www.intesasanpaolovita.it from the date of the advertisement of the Petition until the date fixed for the hearing of the Petition.
32. In accordance with Regulation 41(5)(b) of the 2015 Regulations, a notice of the proposed Scheme shall also be published in the Member States listed in paragraph 21 (being the Member States of the commitment in this instance) to the extent required by the laws of those Member States.

Section 6: Report of Independent Actuary

33. Pursuant to section 13(3)(b) of the 1909 Act, an independent actuary, Brian Morrissey (the "**Independent Actuary**"), at KPMG, has prepared a report dated 31 May 2023 (the "**Report**") on the terms of the Scheme and his opinion on the likely effects of the Scheme on the policyholders of (i) Intesa and (ii) ISV (together the "**Policyholders**").

34. The Report is for the benefit of the Central Bank, this Honourable Court and the Policyholders and sets out the Independent Actuary's opinion of the likely effects of the Scheme on the policyholders of the Transferor and Transferee. The key findings of the Independent Actuary are set out at paragraph 2.1.5 of Section 2 of the Report.

Solvency Capital Position

35. The Independent Actuary provides an overview of the solvency capital position of both the Transferor and the Transferee in the Report.
36. In respect of the Transferor's policyholders, the Independent Actuary notes that as at year-end 2022, the Transferor had an SCR of €511.9m, with available Own Funds of €1,530.8m, excess of available Own Funds above the regulatory requirement of €1,018.9m with a solvency coverage ratio of 299.0% and notes that this level of solvency coverage is in excess of the Transferor's risk appetite target.
37. The Independent Actuary notes that following the Portfolio Transfer, the Transferor's policyholders will move to the Transferee being the head of IS Vita Group. The pro forma post transfer solvency coverage ratio at 198.8% is greater than the risk appetite for the Transferee of 150.0%.
38. The Independent Actuary notes the solvency coverage ratio is higher in the Transferor compared to the Transferee but flags that it is important to note that both entities maintain solvency coverage in line with their risk appetite levels. The Report further notes that regulatory capital in excess of those levels would be dividend back to the parent by the Transferor. Accordingly, the Independent Actuary notes that he does not consider it reasonable to simply compare 299.0% with 198.8% in the analysis and does not consider that the Transferor's policyholders are materially impacted by this.
39. The Report notes that the level of surplus Own Funds in the Transferor is €1,018.9m; post transfer the level of surplus Own Funds in the Transferee is 3,994.9m on a pro forma basis – so the Transferor's policyholders become part of an entity with materially higher levels of surplus Own Funds and financial resources available to them.
40. The Independent Actuary notes that currently the Transferor underwrites unit linked business and products with death guarantees. He notes that following the Portfolio Transfer, they will become part of the Transferee entity which has a more diverse

balance sheet – with-profits business so a wider range of market risks in particular, but also investments in a number of life and non-life insurance entities. As a result of the Scheme, the transferring policyholders will be exposed to a change in risk profile as the transferring policyholders will become more exposed to the risks associated with writing with-profits business – both the guarantees and the nature of the supporting assets. However, whilst additional exposure is introduced, the Transferee does have expertise in managing these risks. The Independent Actuary notes that he is comfortable that this does not materially impact the financial security of the transferring policyholders. He further notes that, the Transferor is indirectly exposed to these risks as they are a 100.0% subsidiary of the Transferee.

41. The Report notes that the Independent Actuary has considered the strength of the Transferee balance sheet under stress and scenario testing which is also covered as part of the ORSA process. He notes that management actions are in place to deal with a number of eventualities and there are management actions underway to deal with some of the specific risks such as adopting new strategies based on target returns, updated asset allocation and cash-flow matching. The Report notes that the Independent Actuary considers the risk exposure to be understood and managed and does not consider the risk exposures to materially disadvantage transferring policyholders.
42. In respect of Transferee policyholders, the Report notes that there is a strong regulatory capital position pre- and post-transfer, with risk appetite levels continuing to be met. It notes that the Transferee's level of Own Funds are expected to increase from €7,851.6m to €8,036.8m as a result of the Portfolio Transfer but its SCR is expected to increase from €3,564.1m to €4,041.9m.
43. Pre-transfer, the Report notes that the Transferee policyholders have a solvency coverage ratio of 220.0%. Post the Portfolio Transfer, solvency coverage ratio is expected to be 198.8%, a reduction of 21.2%.
44. The Independent Actuary notes that the Transferee already underwrites unit linked business in Italy. Furthermore the Report notes that the Transferee has an exposure to the Transferor via its 100% investment as it is a subsidiary. Therefore, the Independent Actuary notes that no new risks are being introduced on the Transferee's balance sheet as a result of the Scheme and hence the existing Transferee policyholders are not disadvantaged as a result of the Scheme.

Fair Expectations

45. In the Report, the Independent Actuary notes that he has considered the effects of the Scheme on the fair expectations of each of the transferring policyholders focusing on the following aspects: (i) reasonable expectations; (ii) service standards; (iii) compensation schemes; (iv) fund range; (v) entitlement to benefits, (vi) policy terms and conditions; (vii) charges; (viii) costs of the Scheme; (ix) discretion; and (x) complaints and redress. The Independent Actuary notes that the Scheme does not impact on the fair expectations of all groups of policyholders.

Policyholder Communications

46. The Independent Actuary notes that he is comfortable with the proposed communications approach.

Conclusions of the Independent Actuary

47. The Independent Actuary sets out his conclusions at section 2.2 of the Report. He notes that having considered the impact of the Scheme on both the policyholders of the Transferor and the Transferee that in his opinion: (i) the Scheme will not have a material adverse effect on the reasonable benefit expectations of any of the policyholders involved; and (ii) the risk to policyholder security is remote and therefore in the Independent Actuary's view, policyholders will not be materially adversely affected by the proposed Scheme.

YOUR PETITIONER THEREFORE HUMBL Y PRAY AS FOLLOWS:
